Christian Jacobo Ramos

Num:34-11-51-41-01

Email: cristian-1823@live.com.mx

Education

Universidad de Guadalajara   graduation on July 2023

Bachelor in computer Engineering   Overall GPA: 95/100

Major Projects

Image analysis

Detect circles in an image and create a graph checking collisions whit structures between nodes.
Search minimum paths and create minimum spanning trees.
Create a game above the graph whit prays and predators that move and interact taking decisions.

Incidents around school

Me Team and I develop a web page where the students can share their incidents around the school.
We implement the page using the API of Mapbox.

Achievements

I took part on ICPC contest 2019

Soft Skills

- Teamwork
- Communication
- Analytical Thinking
- Time Management

Skills

- C
- C++
- C#
- Python
- Processing
- HTML
- PHP
- CSS
- JAVASCRIPT
- MYSQL
